

Certificate Course Program Management & Evaluation

LV Prasad Eye Institute (LVPEI) is a world-class eye hospital, research, and training centre located at Hyderabad, India. In its efforts to build human resources, LVPEI conducts training programs for all levels of eye care personnel — ophthalmologists, optometrists, eye bank and operating room technicians, as well as managers. Successful implementation of eye care programs depends on the availability of trained managers, who are well versed with the principles of program management as well as the practical aspects of conducting eye care programs. In view of this, LVPEI has developed a Certificate Course on Program Management and Evaluation.

Course goal

To train managers in the area of eye care to effectively manage programs so as to achieve the goals of VISION 2020: The Right to Sight program.

Course objectives

- To impart basic knowledge of various processes in program planning, implementation, monitoring and evaluation,
- To impart basic skills in general administration for effective resource management, and
- To improve the skills of managers in financial planning and management to make eye care programs cost-effective.

Learning objectives

After completing this course, the participants should be able to:

- Demonstrate a thorough understanding of the key stages and dynamics of project planning and evaluation,
- Develop project plans and implement programs effectively,
- Apply proper techniques and processes for continuous quality improvement, and
- Lead the program effectively to achieve the program objectives by optimal utilization of resources.

Course content

- Program development, planning, implementation, monitoring and evaluation
- Financial planning and management systems
- General administration, HR and materials management
- Cost effectiveness in eye care programs

Teaching Methodology

The course follows a balanced approach between theory and practical exposure. It includes lectures, presentations, discussions on case studies, group works and projects, exercises and field visits.

Application procedure

Eligibility

- Graduation in any discipline
- Ability to understand and communicate well in English
