

Established in 1987, LV Prasad Eye Institute (LVPEI) is a not-for-profit organization. Over 1.97 crore patients served; 50% of the services provided free of cost regardless of the complexities of the surgery. [Read more](#)

Homage

The LVPEI family deeply mourns the loss of two of our biggest supporters, **Dr APJ Abdul Kalam** and **Prof Brien Holden**, who have been solid pillars of support for our institute during its evolution.

Highlights

LVPEI expands its reach in Odisha

On 31st August, LVPEI inaugurated its 14th rural Secondary Care Service Centre in Rayagada, Odisha with the support from, Nariandas & Morbai Budhrani Trust; JK Center for Tribal Eye Health; and Mission for Vision. The Centre was inaugurated by Shri Naveen Patnaik - Hon'ble Chief Minister of Odisha.

Four New Vision Centres Inaugurated

With the help of local support, four new vision centres were inaugurated between July to September in Andhra Pradesh – Visakhapatnam district: 2 Centres; Vizianagram district: 1 Centre; and Krishna district: 1 Centre. We have now 124 Primary Care Vision Centres, 14 Secondary Care Centres, 3 Tertiary Centres and our flagship Centre of Excellence.

ReDX: Rethinking Engineering Design eXecution

LVPEI, in collaboration with members of Camera Culture group, MIT Media Lab, conducted the third edition of the 'ReDX: Engineering the Eye Workshop', 5-11 July. ReDX is a platform to build the next generation of healthcare technologies. Shri K T Rama Rao, Honourable Minister for Panchayat Raj & IT, Telangana State, inaugurated the event. The workshop received participation of about 100 Engineering and Design students from all across India.

Training Program for Eye Care Professionals

51st Indian Contact Lens Program (ICLEP); 3-5 Jul: To educate eye care practitioners on the successful management of ocular conditions using current specialty contact lenses and also to promote basic and

advanced contact lens education.

A series of workshops & CME; 3 Jul: LVPEI Bhubaneswar campus celebrated its 9th anniversary through a series of workshops and CME to mark the occasion.

Looking Beyond The Eye – IV; 12 Jul: Fruitful discussion took place among various super sub-specialist pertaining to the diagnostic and management issues of ocular (eye) diseases; on the occasion of 9th Anniversary of LVPEI GMR Varalakshmi campus in Visakhapatnam.

22nd Annual IERG-India ARVO Chapter Meeting; 25-26 Jul: The 4th Association for Research in Vision Ophthalmology (ARVO) India Conference and the 22nd meeting of the Indian Eye Research Group (IERG) exposed budding researchers, scientists and clinicians to excellent scientific deliberations in ophthalmic sciences.

CROSSFIRE: Controversies in Retinal Imaging, 2 Aug: A conference on retinal and chorioidal imaging, with emphasis on analysis and the appropriate use of new and emerging imaging technologies.

34th Low Vision Awareness Program (LAP); 18 Sep: Comprised of hands-on sessions, lectures and case discussions and helped participants explore various low vision devices.

Glaucoma Implant Workshop; 29 & 30 Sep: To understand the surgical principles of Glaucoma drainage devices implantation, their techniques, associated complications and their management.

Patient Testimonial

"Probably it is due to institutions like LVPEI that *dharma* is felt in *kaliyuga* on this *karma bhoomi*. I wish LVPEI touches divine heights and is remembered forever."

Dr K Murali Mohan
Pulivendula, Andhra Pradesh

Partner Story

"LVPEI is a globally recognized institution known for its excellent service model; use of latest technologies and ongoing research activities; and also for making communities a partner in promoting eye care services. Partnering with LVPEI thus seemed to be a natural choice for us in reaching out to the underserved population."

Mr Devidas N Budhrani,
Founder Trustee, Nariandas
Morbai Budhrani Trust (NMBT)

- National Institute of Science Education and Research (NISER), Bhubaneswar

A Handy Tip - Take Care of Your Eyes

The 20-20-20 rule to prevent eye strain
Every 20 minutes give your eyes a break and look at something 20 feet away and blink for 20 seconds
