About LVPEI

LV Prasad Eye Institute (LVPEI), established in 1987, is a world-class eye health institute encompassing clinical care, education, research, rehabilitation, eye banking and high impact rural eye care. A World Health Organization (WHO) collaborating centre for the prevention of blindness, the Institute offers comprehensive patient care, sight enhancement and rehabilitation services and high-impact rural eye health programs. It also pursues cutting edge research and offers training for various eye care professionals and administrative personnel.

LVPEI's Kallam Anji Reddy campus at Hyderabad, a Centre of Excellence, is complemented by three Tertiary Centres – Mithu Tulsi Chanrai campus in Bhubaneswar, GMR Varalakshmi campus in Visakhapatnam and the Kode Venkatadri Chowdary campus in Vijayawada.

Education at LVPEI

From its inception, training has been key to LVPEI's activities. Training programs are offered to personnel at all levels of the eye care service delivery chain: post doctoral ophthalmology fellows and practicing ophthalmologists, optometrists, ophthalmic technicians, nurses, nursing assistants, support staff and eye care administrators.

Education at LVPEI has three main objectives:

- To upgrade the skills of practicing eye care professionals
- To provide opportunities to keep abreast of developments in the field of vision science and eye care service delivery
- To equip new entrants in the ophthalmic/optometric field with appropriate skills and knowledge

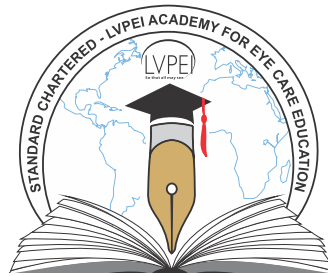

Clinical Fellowship in Ophthalmic Techniques

Objective: Offer practical-based clinical training to enhance the comprehensive and sub-specialty eye examination skills of ophthalmic personnel.
