

Poiesis, the root of the word 'poetry', is a perfect description of the future initiatives and directions of the Anant Bajaj Retina Institute.

The idea to create systems and processes to improve the delivery of retina services to all who need them, the idea to innovate and create new treatment modalities and the idea to constantly improve is the driving force for all of us.

Program Schedule

Time	Торіс	Faculty	
7:30 - 8:00 am	Breakfast		
8:00 - 8:05 am	Welcome address - Dr Prashant Garg		
8:05 - 8:10 am	Introduction to the meeting and ABRI - Dr Raja Narayanan		
8:15 - 9:00am	Session 1: Macula and Imaging		
Panel - Vishal R Raval, Niroj K Sahoo, Niketha RG			
8:15 - 8:25 am	Choroidal Imaging - Implications In Retinal Diseases	Jay Chhablani	
8:35 - 8:50 am	OCT Biomarkers in Polypoidal Choroidal Vasculopathy	Gemmy Cheung	
11:15 - 11:25 am	Anti-VEGF therapy and peripheral non-perfusion in Diabetic Retinopathy	Srinivas Sadda	
9:00 -10:00 am	Session 2: Retinal Infections		
Panel - Avinash Pathengay, Vivek Dave, Anamika Patel			
9:00 - 9:10 am	Targeting immunomodulation in Bacterial Endophthalmitis	Michelle C Callegan	
9:20 - 9:30 am	Next Generation Sequencing in Infections and Endophthalmitis	Joveeta Joseph	
9:40 - 9:50 am	EMS -Time to look beyond EVS	Taraprasad Das	

10:15 - 11:15	Session 3: Public Health and Economics		
Panel- Raja Narayanan, Rohit Khanna, Padmaja R Kumari			
10:15 - 10: 25 am	APEDS- Insight into Retinal Diseases	Brijesh Thakkar	
10:35 - 10: 45 am	Diabetic Retinopathy- screeing guidelines for India	Rajiv Raman	
10:55 - 11:05 am	A Cost-Risk Analysis of NVAMD Treatments	Elad Moisseiev	
11:30 -12:30 pm	Session 4: New Drug Delivery Systems/ Gene Therapy		
Panel- SK Padhy, Inderjeet Kaur, Subhabrata Chakrabarti			
11:30 - 11:40 am	Challenges in gene therapy	James Bainbridge	
11:50 - 12:00 pm	Long-acting drug delivery systems in ophthalmology	Sobha Sivaprasad	
12:10 - 12:20 pm	Gene Therapy in Inherited Retinal Dystrophies	Deepika CP	
12: 30- 1: 30 Lunch Break			
1:30 - 2:30 pm	Session 5: Surgical Innovations		
Panel- Rajeev R Reddy, Umesh Behera, Bhavik Panchal			
1:30 - 1:40 pm	Robotic Surgeries in Retina – Role and the road ahead	Marc D de Smet	
1:50 - 2:00 pm	Glue assisted Vitreoretinal surgeries	Mudit Tyagi	
2:10 - 2:20 pm	Endoscopic Vitreoretinal Surgeries-In PVR and Anterior Vitreous base	Claude Boscher	
2:30 - 3:30 pm	Session 6: ROP and Paediatric Retina		
Panel- Subhadra Jalali, Akash Belenje, Sameera Nayak, Komal Agrawal			
2:30 - 2:40 pm	Retinal Changes in Persistent Fetal vasculature	Sengul Ozdek	
3:10 - 3:30 pm	Real Time ROP telescreening: Can it revolutionize ROP telecare?	Tapas R Padhi	
3:10 - 3:30 pm	Scleral Imbrication in Paediatric Retinal Surgeries – Revisiting the past and its role today	Subhadra Jalali	
Concluding statements and Vote of Thanks: 3:30 - 3:45 pm			

A conference with a focus on innovation and future directions in the field of Retina

Free registration (mandatory)
