Summer Internship in Optometry
Pre-clinical training

6 May - 31 May 2024 (4 weeks)
Last date for enrollment 27 April, 2024
Our summer internship program offers students a unique opportunity to gain hands-on experience in the field of optometry. As a summer intern, you will have the chance to work closely with experienced optometrists during the four weeks of hands-on sessions and learn about comprehensive eye examination skills. Use summertime wisely to bridge the gap between the theory taught in class and the practical realities observed in the clinical setting. Join our Summer Internship in Optometry—Pre-clinical Training.
