Across four Indian states
(as on March 2025)

Additionally, LVPEI manages the
Liberia Eye Center in Monrovia
(established in partnership with Government of Liberia).

● **1 Quaternary Eye Care Institute**
Serves 50 Million+ Population

● **4 Tertiary Eye Care Centres**
Serves 5 Million+ Population

● **25+ Secondary Eye Care Centres** (4 Urban City Centres)
Serves 500,000- 1 Million Population

● **270+ Vision Centres** (120 Technologically Advanced)
Centre-based primary eye care
Serves 50,000 Population

Community-based Eye Health
Serves 5,000 Population

Community-based Eye Health

Vision Guardians conduct door-to-door eye screenings and refer people with issues to the nearest Vision Centre.

Vision Centres

Permanent primary eye care centres where trained technicians check for refractive errors, dispense eyeglasses, and connect patients to ophthalmologists via teleconsultation or refer to Secondary Centres if needed.

Secondary Eye Care Centres

Provide outpatient services and are equipped to perform surgeries for cataract, glaucoma, and some retinal conditions.

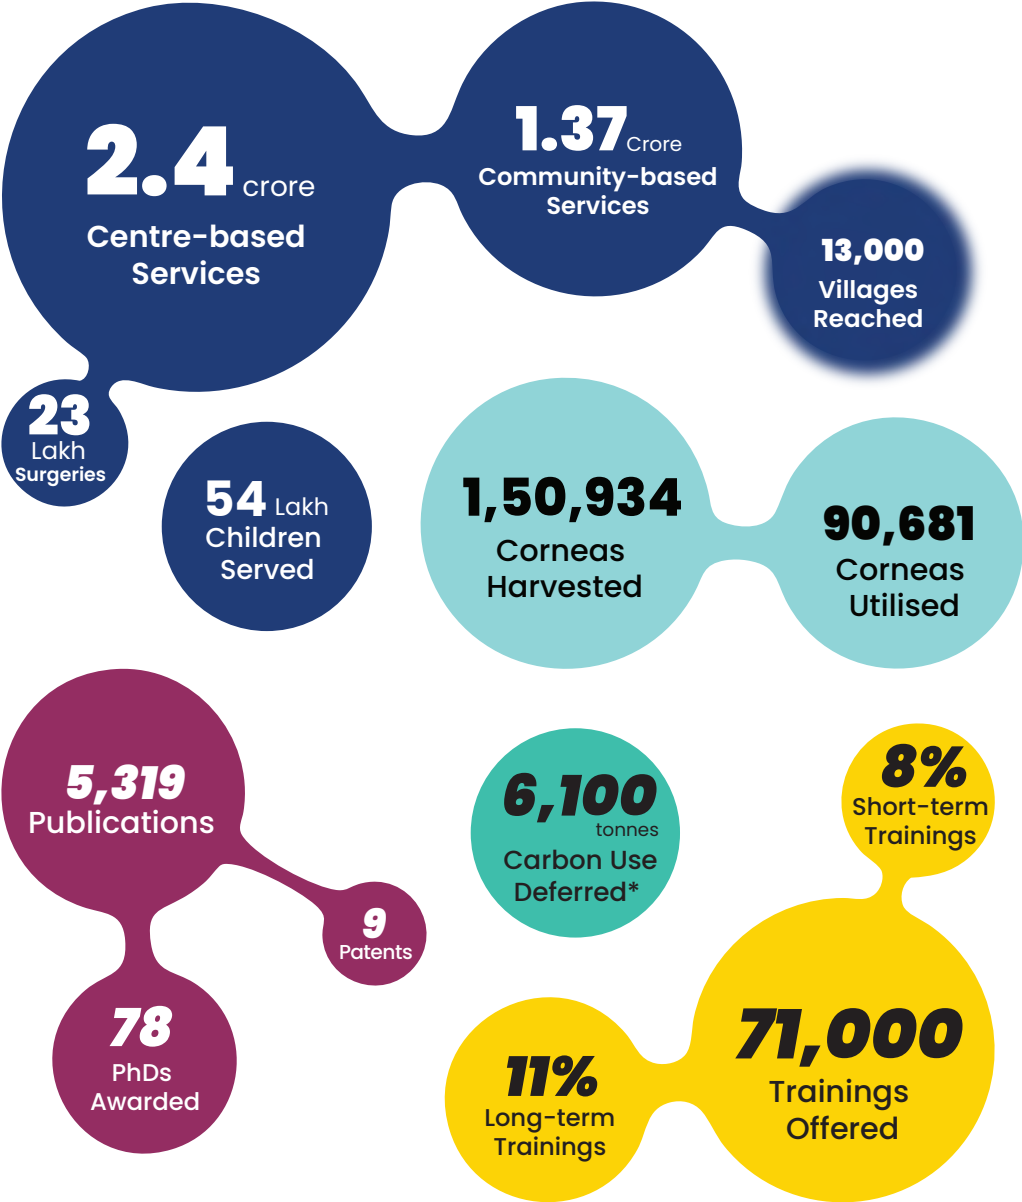

Tertiary Eye Care Centres

Advanced facilities offering complex eye surgeries and serving as clinical research sites.

Quaternary Eye Care Institute

Handles extremely complex cases and is home to all ten functional arms of the institute, offering expert care by ophthalmologists.

Lifetime Impact (1987–2024)

*Equivalent to the per-capita carbon-based electricity consumption of 24,000 Indian households

Recognized as one of the 'Top 10 Best NGOs of the Year 2024' at the Global CSR & ESG Awards.

Our CSR Partners & Donors

NATCO has been associated with LVPEI for many years. Having seen the work LVPEI has done with children over the years, I can't think of a better candidate for the donation. It is immensely satisfying to be a part of the impact that LVPEI is making on thousands of children.

-Mr Rajeev Nannapaneni,
CEO, NATCO Pharmaceuticals, Hyderabad

Impactful Partnerships
